Interactive website for kids with Formula 1-related stories, games, pictures and free downloads. £Free - if you've got a computer!

Brainchild of Marina Nicholas, who was frustrated that kids' enthusiasm for Formula 1 was not being properly channelled, this fully interactive – and innovative – site offers hours of fun, via a steering wheel-mounted menu on the home page.

You get to meet the characters – all designed by AUTOSPORT's very own cartoonist Jim Bamber – Franco, Max, Reggie, Benno, Taku, RBee, Willy, Rossi, Ram, Hero and Susie and listen to tales of their derring do narrated by 'The Voice', Murray Walker.

There's a games section that teaches young fans about the exotic location of the world's grands prix as well as an area to upload your pictures and drawings.

Email newsletters and downloadable stickers add to that sense of involvement. Formula Fun indeed!
